

**NEOSTIM IS A SINGLE LAYER AMNION DERIVED ALLOGRAFT OPTIMIZED FOR WOUND COVERING, AND PROTECTION.**

### THE NEOSTIM ADVANTAGE

- Natural allograft material
- Shelf stable for up to 5 years from date of manufacture
- Minimal preparation without the need to store product in a medical freezer
- Allograft may be applied to the treatment site using the clinician's preferred method of fixation

### ORDERING INFORMATION (Q4266)

Product #	Size	Total Units (Per Sqcm)
NSM-020202	2x2	4
NSM-020203	2x3	6
NSM-020404	4x4	16
NSM-020406	4x6	24
NSM-020408	4x8	32
NSM-021016	10x16	160

**Neostim** is an amniotic allograft providing a wound covering and support for native tissues. Our manufacturing practices strictly comply with all quality and regulatory requirements, with minimal processing that preserves tissue structure. The allograft is then dehydrated and terminally sterilized. **Neostim has been confirmed by the FDA Tissue Reference Group to meet regulation criteria solely under Section 361 of the PHS Act as defined in 21 CFR Part 1271.**
